**Request for Information Under § 208(a) of the Clean Air Act, 42 U.S.C. § 7542(a)**

The United States Environmental Protection Agency (EPA) hereby requires No Limit Enterprises Inc., dba No Limit Fabrication and No Limit Diesel ("you" or "No Limit") to submit certain information as part of an EPA investigation to determine your compliance with Section 203 of the Clean Air Act (CAA), 42 U.S.C. § 7522, and the applicable regulations at 40 C.F.R. Parts 85, 86, and 1068. Examples of vehicles regulated under these Parts include, but are not limited to, light-duty and light heavy-duty diesel trucks. Appendix A provides definitions for some of the terms used in this request, Appendix B provides instructions for your responses to this request, and Appendix C specifies the information that you must submit.

The EPA is issuing this Request for Information under Section 208(a) of the CAA, 42 U.S.C. § 7542(a). Under Section 208(a), the Administrator of the EPA may require any person who is subject to the CAA to provide information necessary to determine whether the person has acted in compliance with these requirements and the regulations promulgated thereunder. The Administrator has delegated this authority to the undersigned Manager of Region 9's Air & TRI Section, Enforcement Division.

You must submit responses to this Request for Information within thirty (30) calendar days from the date you receive this letter. Please carefully review the instructions, definitions, and specific requests as you prepare your response. If you anticipate being unable to fully respond to this Request for Information by this date, you must contact Andrew Zellinger at (415) 972-3093 to request an extension. Any such request must explain why an extension is necessary and include a proposed timeline for providing the requested information. The EPA will review your request and may extend the time in which your response must be provided to some or all of the questions.

Failure to provide the required information may result in the initiation of a civil action pursuant to Section 205(b) of the CAA, 42 U.S.C. § 7524(b). Failure to provide all requested information in its entirety, and in the format requested, may result in additional inquiries and penalties. It is important that your responses be clear, accurate, organized, and complete. We will regard submitted information that is

misleading, false, incomplete, or submitted without regard to its accuracy as a violation of the CAA and/or criminal statutes. We may use any information submitted in response to this Request for Information in an administrative, civil, or criminal action.

Finally, you must submit all requested information under an authorized signature with the following certification (provided in Appendix D):

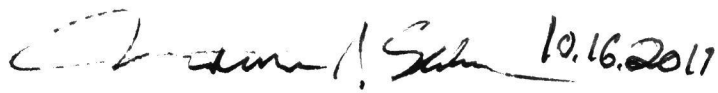

I certify under penalty of law that I have examined and am familiar with the information in the enclosed documents, including all attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are, to the best of my knowledge and belief, true and complete. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines or imprisonment pursuant to Section 113(c)(2) of the Clean Air Act, 42 U.S.C. § 7413(c)(2), and 18 U.S.C. §§ 1001 and 1341.

You are entitled to assert a business confidentiality claim covering all or part of the information you submit in response to this Request for Information, in accordance with the procedures described in the Confidentiality of Business Information ("CBI") regulations, 40 C.F.R. Part 2, Subpart B. However, no CBI claim may be made with respect to emissions data as defined at 40 C.F.R. § 2.301(a)(2). You must specify the page, paragraph, and sentence when identifying the information subject to your CBI claim. Appendix E of this Request for Information specifies the assertion and substantiation requirements for business confidentiality claims. The EPA may, without further notice, provide the public with any information not subject to a CBI claim.

Please submit all requested information, via electronic mail or express delivery, to:

Matt Salazar, Manager, Air Enforcement Office  
Enforcement Division  
Attn: Andrew Zellinger  
U.S. Environmental Protection Agency, Region 9  
75 Hawthorne St. (ENF-2-1)  
San Francisco, CA 94105

Any questions concerning this Request for Information should be directed to Andrew Zellinger at (415) 972-3093 or [Zellinger.Andrew@epa.gov](mailto:Zellinger.Andrew@epa.gov) or have your attorney contact Ryan Bickmore in the Office of Regional Counsel at (415) 972-3058 or [Bickmore.Ryan@epa.gov](mailto:Bickmore.Ryan@epa.gov).

---

Matt Salazar, P.E., Manager  
Air & TRI Section  
Enforcement Division  
EPA Region 9 – San Francisco

## **Appendix A**

### **Definitions**

1. All terms used in this Request for Information will have their ordinary meaning unless such terms are defined in the CAA, 42 U.S.C. §§ 7401 et seq., or the Motor Vehicle Regulations found at 40 C.F.R. Parts 85, 86, and 1068.
2. The terms “affiliate” or “affiliated” are used to indicate a relationship to a specified person, and mean any person that, directly or indirectly or through one or more intermediaries, owns or controls, is owned or controlled by, or is under common ownership or control with such person (other than entities serving solely as customs brokers).
3. The terms “document” and “documents” means any object that records, stores, or presents information, and includes, without limitation, email, writings, memoranda, contracts, agreements, records, or information of any kind, formal or informal, whether wholly or partially handwritten or typed, whether in computer format, memory, or storage device, or in hardcopy, including any form or format of these. If in computer format or memory, each such document shall be provided in translation to a form useable and readable by EPA, with all necessary documentation and support. All documents in hard copy shall also include attachments to or enclosures with any document.
4. The term “electronic control module” or “ECM” means a device that receives inputs from various sensors and outputs signals to control engine, vehicle, or equipment functions.
5. The term “Emission Related Parts” means those parts installed on motor vehicles for the specific purpose of controlling emissions or those components, systems, or elements of design which must function properly to assure continued vehicle emission compliance as defined in 40 C.F.R. § 85.2102 (including but not limited to a catalytic converter, an exhaust gas recirculation, a diesel particulate filter, a secondary catalytic reactor, a selective catalytic reduction, oxygen sensor, onboard diagnostics, and electronic control).
6. The term “end-user” means the person who ultimately uses or is intended to ultimately use a product.
7. The term “onboard diagnostics” or “OBD” includes systems which monitor components that can affect the emission performance of the vehicle to ensure that the vehicle remains as clean as possible over its entire life, and assists repair technicians in diagnosing and fixing problems with the computerized engine controls. If a problem is detected, the OBD system illuminates a warning lamp on the vehicle instrument panel to alert the driver.
8. The term “person” includes an individual, corporation, partnership, limited liability company, sole proprietorship, joint venture, or any formal or informal entity, organization, or association.

9. The terms “you”, “your”, and “No Limit” includes No Limit Enterprises Inc, No Limit Fabrication, No Limit Diesel, and any affiliates, predecessors, successors, and assigns.

## **Appendix B**

### **Instructions for Responses**

1. Provide responses to this Request for Information in English, in written document form, and in electronic form using spreadsheet or word processing software (e.g., Word or Excel) or in PDF format.
2. This Request for Information is a continuing request. You must promptly supplement your response in the event you learn that you possess responsive information not yet produced or if you gain possession, custody, or control of responsive information after initially responding to this Request for Information.
3. Where documents or information necessary for a response is not in your possession, custody, or control, indicate in your response why such documents or information is not available or in your possession, custody, or control, and identify any source that either possesses or is likely to possess such information.
4. All submitted documents should be copies and not original documents.
5. You must maintain an unaltered and complete copy of your website as it exists at the time this letter is received. This includes all pages, graphical elements, and text displayed on the website. You must provide this information in readable electronic format to EPA within ten days upon request.

## Appendix C

### Request for Information

No Limit Enterprises Inc dba No Limit Fabrication and No Limit Diesel (“No Limit” or “you”) must submit the following information to the United States Environmental Protection Agency pursuant to Section 208 of the CAA, 42 U.S.C. § 7542, regarding the manufacturing, sale, or offering for sale of certain parts and products.

1. Identify each exhaust system or exhaust system component (“component”), including product kits, offered for sale by No Limit during the period from January 1, 2016 through the date of this letter that enables the customer or end-user to bypass, defeat, or otherwise render inoperative motor vehicle Emission Related Parts. Examples of these types of components include, but are not limited to, straight pipes, turbo-back exhaust systems, header-back exhaust systems, catless downpipes, connecting pipes, EGR delete, and crankcase vent kits. Such components include those identified on your website at [www.nolimitfabrication.com](http://www.nolimitfabrication.com) and all related pages.

Be advised that this Request for Information pertains to all components described herein that make it possible for customers or end-users to bypass Emission Related Parts regardless of any claims made by No Limit or the manufacturer that a particular component is for testing, maintenance, off-road, or race use only, or any other similar claims.

2. For each component identified in response to Question 1, provide the following information:
  - a. Indicate the No Limit part number and identifying name, the name of the part manufacturer, the part number and identifying name from the manufacturer (if different), and the vehicle applications by make, model, and year.
  - b. Describe the function of the component and explain how it enables the customer or end-user to bypass, defeat, or otherwise render inoperative Emission Related Parts.
  - c. Provide copies of the technical documentation for each component, including, but not limited to, product manuals, technical specifications, and installation and operating instructions.
  - d. Indicate whether the component is accompanied by the following disclaimers, statements, or other similar language in any documentation, marketing materials, advertisements, websites, or other media:
    - “This product is not intended to be installed on vehicles registered for highway use”
    - “For off-road/race use only”

Provide references to all materials containing such statements.

- e. If No Limit has recommended that the component be used for testing, maintenance, racing, or off-road use only, describe the mechanisms, if any, that No Limit has implemented to ensure that the component is only used for such purposes.
  - f. State the quantity that was sold by No Limit to customers in the United States between January 1, 2016 through the date of this letter.
  - g. Provide copies of the receipts for each component sold by No Limit to customers with shipping addresses in the United States between January 1, 2016 through the date of this letter.
  - h. State the quantity that was sold by No Limit to all wholesalers, distributors, or authorized dealers from January 1, 2016 through the date of this letter.
3. Identify each programmer, module, tuner, ECM calibration tool, flash tool, or engine management product (collectively “EM products”) offered for sale by No Limit during the period from January 1, 2016 through the date of this letter. Such EM products may include, but are not limited to, those described on your website at <http://nolimitfabrication.com/> and all related pages.

Be advised that this Request for Information pertains to all EM products described herein regardless of any claims made by No Limit or the manufacturer that a particular EM product is for race use only, or any other similar claims.

4. For each component identified in response to Question 4, provide the following information:
- a. Indicate the No Limit product number and identifying name, the product number and identifying name from the manufacturer of the EM product (if different), and the product’s applications by vehicle type, make, model, and year.
  - b. Indicate if the EM product clears or prevents the occurrence of vehicle diagnostic trouble codes, or uses any other means to interfere with the proper functioning of the vehicle’s on-board diagnostic system to detect and report a malfunctioning, non-functioning, or missing Emission Related Part. If there are only certain tunes on an EM product which clear or prevents the occurrence of vehicle diagnostic trouble codes, or use any other means to interfere with the proper functioning of the vehicle’s on-board diagnostic system to detect and report a malfunctioning, non-functioning, or missing Emission Related Part, identify which tunes.
  - c. If the EM product clears or prevents the occurrence of vehicle diagnostic trouble codes, indicate whether the troubles codes are cleared permanently (i.e., the trouble code will

not re-appear unless the user returns the vehicle to the stock OEM configuration or installs another tune) or are they only cleared temporarily (i.e., the code will only be cleared for the duration the vehicle remains on and the trouble code will re-appear the next time the user starts the vehicle (i.e., upon re-key)).

- d. Indicate whether the EM product is open source (i.e., customers or end-users can make changes to the software after purchase) or locked (i.e., customers or end-users can only use pre-loaded tunes or tunes subsequently purchased from the manufacturer or other third parties).
  - e. Indicate whether No Limit creates any custom tunes for the EM product.
  - f. Provide copies of the technical specifications and installation and operating instructions.
  - g. Indicate whether the component is described by No Limit or the manufacturer in any documentation, marketing materials, advertisements, websites, or other media with the following statement or similar language:
    - “This product is not intended to be installed on vehicles registered for highway use”
    - “For off-road/race use only”
- Provide references to all materials containing such statements.
- h. If No Limit has recommended that the EM product be used for testing, maintenance, racing, or off-road use only, describe the mechanisms, if any, that No Limit has implemented to ensure that the component is only used for such purposes.
  - i. Provide digital copies of all tune files (stock or custom) made available or installed through your tuning instruments or devices in a format which is readable without proprietary software. If there is no format which exists without use of such software – please provide the software needed.
  - j. State the quantity that was sold by No Limit to customers in the United States between January 1, 2016 through the date of this letter.
  - k. Provide copies of the receipts for each EM product sold by No Limit to customers with shipping addresses in the United States between January 1, 2016 through the date of this letter.
5. Describe the organizational structure of No Limit, and identify any parent and/or subsidiary companies affiliated with No Limit.
  6. Provide a copy of your articles of incorporation and by-laws.

7. Identify your current net worth and annual revenue for the past calendar or fiscal year.
8. Identify each person responsible for responding to this Request for Information, including their title, and the request(s) to which they responded.

## **Appendix D**

### **Statement of Certification**

You are submitting the enclosed documents in response to the U.S. Environmental Protection Agency's ("EPA") Request for Information, issued pursuant to Section 208(a) of the Clean Air Act, to determine compliance with the Clean Air Act and its affiliated regulations.

I certify that I am fully authorized by \_\_\_\_\_ [corporate affiliation] to provide the above information on its behalf to EPA.

I certify under penalty of law that I have examined and am familiar with the information in the enclosed documents, including all attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are, to the best of my knowledge and belief, true and complete. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines or imprisonment pursuant to Section 113(c)(2) of the Clean Air Act, 42 U.S.C. § 7413(c)(2), and 18 U.S.C. §§ 1001 and 1341.

Date: \_\_\_\_\_

Name (Printed): \_\_\_\_\_

Signature: \_\_\_\_\_

Title: \_\_\_\_\_

## **Appendix E**

### **Confidential Business Information**

You may assert a business confidentiality claim covering all or part of the information you provide in response to this Request for Information for any business information entitled to confidential treatment under Section 208(c) of the CAA, 42 U.S.C. § 7542, and 40 C.F.R. Part 2, subpart B. Under Section 208(c) of the CAA, you are entitled to confidential treatment of information that would divulge methods or processes entitled to protection as trade secrets. Under 40 C.F.R. Part 2, subpart B, business confidentiality means “the concept of trade secrecy and other related legal concepts which give (or may give) a business the right to preserve the confidentiality of business information and to limit its use or disclosure by others in order that the business may obtain or retain business advantages it derives from its rights in the information.” See 40 C.F.R. § 2.201(e).

Information covered by a claim of business confidentiality will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Section 208(c) of the CAA and 40 C.F.R. Part 2, subpart B. EPA will construe your failure to furnish a business confidentiality claim with your response to this Request for Information as a waiver of that claim, and the information may be made available to the public without further notice to you.

To assert a business confidentiality claim, you must place on (or attach to) all information you desire to assert as business confidential either a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as “trade secret,” “proprietary,” or “company confidential” at the time you submit your response to this Request for Information. Allegedly confidential portions of otherwise non-confidential documents should be clearly identified, and may be submitted separately to facilitate identification and handling by the EPA. You should indicate if you desire confidential treatment only until a certain date or until the occurrence of a certain event.

The criteria the EPA will use in determining whether material you claim as business confidential is entitled to confidential treatment are set forth at 40 C.F.R. §§ 2.208 and 2.301. These regulations provide, among other things, that you must satisfactorily show that: (1) the information is within the scope of business confidentiality as defined at 40 C.F.R. § 2.201(e), (2) that you have taken reasonable measures to protect the confidentiality of the information and that you intend to continue to do so, (3) the information is not and has not been reasonably obtainable by legitimate means without your consent, and (4) the disclosure of the information is likely to cause substantial harm to your business competitive edge. See 40 C.F.R. §§ 2.208 (a)-(d). Emission data, as defined at 40 C.F.R. § 2.301(a)(2), is expressly not entitled to confidential treatment under 40 C.F.R. Part 2, subpart B. See 42 U.S.C. § 7542(c); 40 C.F.R. § 2.301(e).

If you assert a claim of business confidentiality in connection with information and documents forwarded in response to this Request for Information, in accordance with 40 C.F.R. § 2.204(e)(4), the EPA is requesting that you answer the following requests with respect to any information or document for which you assert a claim of business confidentiality:

1. What specific portions of the information are alleged to be entitled to confidential treatment? Specify by page, paragraph, and sentence when identifying the information subject to your claim.
2. For what period of time do you request that the information be maintained as confidential (e.g., until a certain date, until the occurrence of a specified event, or permanently)? If the occurrence of a specific event will eliminate the need for confidentiality, specify that event. Additionally, explain why the information should be protected for the time period you have specified.
3. What measures have you taken to protect the information claimed as confidential from undesired disclosure? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?
4. Is the information contained in any publicly available material such as the Internet, publicly available databases, promotional publications, annual reports or articles? Is there any means by which a member of the public could obtain access to the information? Is the information of a kind that you would customarily not release to the public?
5. Has any governmental body made a determination as to the confidentiality of the information? If so, please attach a copy of the determination.
6. For each category of information claimed as confidential, explain with specificity whether disclosure of the information is likely to result in substantial harm to your competitive position. Explain the specific nature of those harmful effects, why they should be viewed as substantial, and the causal relationship between disclosure and such harmful effect. How could your competitors make use of this information to your detriment?
7. Is there any other explanation you deem relevant to the EPA's determination of your business confidentiality claim that is not covered in the preceding requests? If so, you may provide such additional explanation.

You must furnish comments to the above requests concurrent with your response to this Request for Information if you have claimed any information as business confidential. See 40 C.F.R. § 2.204(e)(2). Pursuant to 40 C.F.R. § 2.205(b)(2), you may request an extension of this deadline. The EPA will construe your failure to furnish timely comments as a waiver of your confidentiality claim, consistent with 40 C.F.R. § 2.204(e)(1). Please submit your comments to:

Andrew Zellinger  
U.S. Environmental Protection Agency, Region 9  
75 Hawthorne Street (ENF-2-1)  
San Francisco, CA 94105

Pursuant to 40 C.F.R. § 2.205(c), you are hereby advised that information you submit as part of your comments may be entitled to confidential treatment if, when it is received by the EPA, it is marked in accordance with 40 C.F.R. § 2.203(b). As required by 40 C.F.R. § 2.204(e)(6), you may assert a business confidentiality claim covering all or part of your response to these requests, as provided in 40 C.F.R. § 2.203(b). Information covered by such a business confidentiality claim will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Section 208(c) of the CAA and 40 C.F.R. Part 2. The EPA will construe the failure to furnish a confidentiality claim with your comments as a waiver of that claim, and the information may be made available to the public without further notice to you.
